

MY LIVES WITH: The Pasha, The Emperor, The Maharaja & Koh-i-Noor

Dearest Bruce J. Rubin,

*As we are contemporaries, I'm guessing there is space on your dance card
'to awaken this land from the sleep of the ages,' to our Eternal Lives!*

*.... So how are the lives of: Egypt's Pasha, India's Emperor, The Stolen
Maharaja, The Last Maharani, The Koh-i-Noor Diamond, Queen Victoria,
The Sphinx of Giza, Jean-François Champollion, an American Mercenary,
CNN's Larry King, £187,000 Seed Pearl-Emerald Earrings ...and a New York
Fashion Designer, ... entangled in The Greatest Story Never Told?*

*'Ghost - Godfather & Gone With The Wind' rolled into one, this is an Adult
Fairytale 100% true.... that needs your vast expertise and spiritual bandwidth,
to navigate this 'Mission Impossible'...and lay bare even for the most zealous
of 'One-Lifers' - 'without any doubt,' the survival of human consciousness...
With historically recorded details, proofs that only Jindan could reveal. (and
help India regain the Legendary Koh-i-Noor diamond, taken from the 9-year
old terrorized boy king...)*

As you won the Academy Award for 'GHOST'

*.... Instead of a deceased Patrick Swayze whispering in the sham-psychic
Whoopi's head, The Sphinx is whispering, as Divine Synchronicity arranges
revelatory coincidences in the life of a New York Fashion Designer*

*.... Instead of stolen Drug Money, we have the stolen \$20 Billion Dollar
Koh-i-Noor diamond locked up in the Tower of London*

*.... Instead of Fantasy, profound TRUTH flips Fantasy on its head in this
multiple Past-Life Epic*

.... Let's dance!

Leslie Simone Sustain aka Rani Jindan
